

## REQUEST FOR GRADE REAPPRAISAL

### Regulations & Guidelines

- Students may, with sufficient academic grounds, request that a final grade or assignment in a course be reappraised (which may mean the review of specific pieces of tangible work). Non-academic grounds are not relevant for grade reappraisals.
- Students need to be aware that a request for a grade reappraisal may result in the original grade being raised, lowered or confirmed.
- Prior to submitting a grade reappraisal request, students are normally expected to first contact the Program Manager to discuss the grade received and to request that their tangible work be reviewed. Tangible work may include: written, graphic, digitized, modelled, video recording or audio recording formats, but not oral work.
- The original work in question, along with the instructions for the assignment, must be submitted as part of the reappraisal request.
- If the condition of sufficient academic grounds has been met, the Program Manager will be responsible for ensuring that the work is reappraised by an appropriate instructor, ensuring anonymity of both the student and the reappraiser.
- The reappraiser will be given the nature of the assignment and the rationale for the original grade.
- Both the student and the Program Manager will be informed in writing of the results of the reappraisal (including the reappraiser's comments).
- Deadline: The approved deadline for submitting grade reappraisals is 21 days from the release of grades, whichever is later. When a submission deadline occurs on a weekend or holiday, requests will be accepted up until the end of the next available business day.

### What is the reason for the grade reappraisal request?

Please attach a concise, **typewritten**, statement (preferably no more than two pages in length) outlining the academic reasons you are requesting a grade reappraisal. Please note that, in accordance with York University's grade reappraisal policy, the reasons for a grade reappraisal request must have academic grounds. *Non-academic grounds are not relevant for grade reappraisals.*

In addition to submitting the relevant assignment instructions and tangible work (required), it is in the best interest of the applicant to also attach a copy of the course outline/syllabus to the grade reappraisal request.

**Note 1:** A grade reappraisal is not required to correct recording errors (e.g. a course mark which was not recorded properly, or a grade where there was a mathematical error in the calculation).

**Note 2:** The full grade reappraisal process may take approximately 6 to 8 weeks to complete administratively. Once an appropriate instructor has been identified to review the work submitted for reappraisal, every effort will be made to render the decision within 30 days of the reviewer having received the work. The results of the reappraisal (including the reappraiser's comments) will be communicated in writing.

### Signature and declaration
