1. Go to your Moodle course page on https://learn.continue.yorku.ca/

2. Click on the link Join Group at the top of your course page on Moodle

3. You will see a list of available groups - click on Become member of to join your preferred group. If you see any of your classmates that you work with, join their group to continue working together.

**IMPORTANT**: once you join a group you won’t be able to leave and join another group. Please be sure which group you want to join before you make your choice.

4. A confirmation message will appear asking you if you want to join the selected group – if you are certain, click Become member of …. Group”.

5. Once you join a group, you will see your group members in your group. If you are the first to join a group, you will see your group members after they join your group as well.
